

Affiliate Program FAQs

Who can join the Miro Affiliate Program?

Anyone can join! Simply [sign up](#) to get access to links and resources to share the word about Miro and start earning commission when you get a successful referral.

How is this different than the Miro Partner Program? Can I join the Partner Program?

You can be a member of both the Miro Affiliate Program and the Partner Program.

The Affiliate Program is the place to earn commissions on referrals.

If you're a Miro customer and consultant, you may be more interested in growing your business and supporting your clients using Miro. Send an email to partners@miro.com if you'd like to join the Partner Program and get listed in the Consultant Directory.

How much is the commission?

You're eligible to receive a one-time 20% commission on any new transaction, up to \$2,000 per subscription.

Is the commission recurring?

No, it's a one-time commission based on the initial purchase transaction, whether your referral signs up for a monthly or annual subscription.

When will I get paid?

Approximately 30 days after the initial purchase is made - You'll earn a pending reward as soon as your referral makes the purchase. If there are no changes to the purchase after 30 days, rewards will move to the invoice on the 1st of that month and are paid on the 13th of each month.

How are the referrals tracked?

Anyone who clicks on your link will be cookie'd for 90 days. If they happen to click a different referral link before they purchase, credit will go to the most recent referral link they clicked.

Can I get credit for referrals I made in the past?

Unfortunately, no. We appreciate all the love you've given Miro. We're only able to support new successful referrals.

Can I register a lead or a deal for Enterprise level accounts?

No, affiliates can only earn commission on self-serve paid plans including [Team, Business and Consultant plans](#).

What's PartnerStack?

PartnerStack is the backend system to manage referrals and payouts. Every affiliate in the Miro network must have a PartnerStack profile to participate.

How to use PartnerStack?

Use PartnerStack to access, share and track your referrals, access resources about Miro, personally message your partner manager and see your payouts. For more information on how to use PartnerStack, see their [helpful support guides](#).
